

MarketPlace™

Buy. Sell. Lease. Transact!
Creating the most
efficient commercial
real estate market

RealNex has proven to be a one stop shop for all things Commercial Real Estate. We rely on the up to date information, ability to run thorough surveys, have a full understanding off the properties available and most importantly impress our clients with the presentation of it all. In a time we are so inundated with new technology and listing sites it is great to be able to cut through all the noise and know we have the most comprehensive product on the market.

Search Smarter. Stay Alert to the latest offerings.

Set your search criteria and let us do the rest. As new offerings are published that meet your specifications, you will receive a notification with a link to full listing details. Create Client Watch Lists and share comprehensive personally branded offering packages complete with alerts when any listings are updated.

Generate More leads Faster. Proactive marketing and CRM integration.

Our RealCampaigns™ eMarket offerings include branded single and multi-property digital brochures to drive traffic to your listings. Tap into your RealNex CRM and email to your private prospect list or access our vast proprietary database. Add a Deal Room to manage the full Accelerated Sale Process. All marketing results feed back into your CRM for proactive follow-up and complete client reporting.

Follow-up with ease. Our detailed Dashboards target the best opportunities.

Monitor all activity with comprehensive Dashboards indicating all prospect activity. Know who has looked at your listings and how frequently. Track the success of email campaigns and watch as prospects access and download documents from your Deal Rooms. As you drill down you will know who you need to re-engage and who is ready to move to closing. Targeted follow-up saves time and gets deals closed faster than ever.
